Subsequently, her wealth of knowledge and expertise exceeds a typical barrister of her call.

Lily practices exclusively in all areas of family law, with a particular focus on private children law and financial remedy proceedings. Lily is frequently instructed in cases whereby multiple

proceedings overlap, such as private children and financial proceedings (and injunctions), providing her clients with the benefit of consistent counsel to ensure no stone goes unturned when dealing with each set of proceedings.

Lily possesses both a street and book-smart mindset, enabling her to advise clients in line with the law in a compassionate manner. She is famous for her down-to-earth nature and sincerely cares for her clients, which coupled with her ability to absorb the nuances and the complexity of her cases, instills trust in her representation. Lily adopts a straight-talking approach to her submissions and successfully engages the court by getting to the heart of the issues to maximise limited hearing time.

Lily's greatest strength is her advocacy and confidence in the court room. She ensures that her client's voice is always heard and has a particular art in empowering vulnerable clients as she is not afraid to push for the right outcome in challenging cases. As a result of her effective communication skills, she is a successful negotiator and is renowned for reaching agreements in the early stages of her cases, saving her clients the stress and costs associated with lengthy court proceedings.
