Accreditation

"Matthew represented myself and my firm recently at a two day ICAEW tribunal. Both in the run up to, and during the tribunal itself, Matthew represented us very professionally and efficiently. We were very well advised in all areas of preparation and kept fully informed of all issues during the tribunal. He really helped me to put forward my firm's position properly and to ensure that the committee understood the exact details of my case. Following the Committee's decision in my favour, Matthew also successfully applied for and obtained a substantial reduction in the ICAEW costs which was another issue which had caused us great concern. I cannot recommend Matthew highly enough to all ACCA/ICAEW members who need to defend themselves against their Associations/Institutes proceedings."
